Graduation Requirements	1	In accordance with MCU General Provisions for Study, all undergraduate students must pass the requirements for Service Learning, English Proficiency, Information Technology Proficiency, Chinese Proficiency, Sports Ability, and Basic Professional Skills in order to graduate. Students of Hospitality Management Department are required to pass the professional basic skill at MCU. The items and standards are as follows: (1) Professional knowledge capability. Before graduation, students must acquire at least one professional certificate in the hospitality management field. (2) Practical skills and employment competitiveness. Students are required to complete 400 internship hours either on or off campus. Furthermore, each student is to write a report on the requirements of the employer and the department (Grading rubric will be used for evaluation). (3) Problem-solving capability. Students must complete and pass their graduation project through teamwork. Additionally, they are required to make an oral presentation on the project (Grading rubric will be used for evaluation).															
	2	The minimum credits for graduation is 128 credits, including 28 university-required course credits, 25 school-required course credits, 18 department-required course credits, 37 department elective course credits.															
	3	Up to 4 credits of the total credits earned for Physical Education courses will be recognized. Additional course credits earned in General Education, Teacher Education Program or courses offered by other departments cannot be counted in the total number of credits required for obtaining a Bachelor's degree.															
	4	Students have to earn at least 12 General Education elective credits before graduation, which should include at least one course each from Humanities, Social Sciences, and Natural Sciences. These categories are sub-divided into core and extended courses, and at least one 2-credit course from each sub-division under each category must be completed to qualify for graduation.															
	5	Students in each cohort should earn a minimum elective course credits (at least 37 credits) within the department. Credits of any cross-disciplinary focused course program not listed under the course structure for graduation may be counted towards credits earned in other departments. If other department's courses are approved by the department chair, up to 15 credits of such courses toward graduation credits. Students can receive Economics (I), Accounting (I) and other required courses with the same name from another department upon approval by the department chair. This practice can be applied to students who entered the university prior to the 2019-20 academic year.															
	6	This course outline and the cancellation of prerequisite requirements may be applied to all students admitted prior to 2019-20 AY.															
	7	Students are required to complete one related course program course before graduation.
